

# Digital Readout Options and Projector Accessories

## Metronics Quadra-Chek Digital Readouts

Modern metrology is a complex sequence of measuring, recording, analysing and reporting dimensional data. By using fast, familiar tools to improve productivity and enhance measurement consistency throughout the entire inspection process, measurements can be easily formatted, analysed and communicated.

Metronics are the world's leading developer of metrology software and digital readout systems; the Quadra-Chek range is considered as the industry standard for the precision measurement and inspection of geometric components.

Their design reflects a deep understanding of user needs, with an intuitive user interface and simple, meaningful visual displays; innovations that improve operator productivity, reduce errors and save time and money. The powerful, familiar architecture of Quadra-Chek digital readouts empowers operators during every stage of the measurement process.

Quadra-Chek 100 Readout

Quadra-Chek 4000 Measurement System

## Technical Specification

**Starrett®**

### Quadra-Chek 100 Series Readouts

2-axis digital readout system, ideal for measuring linear dimensions.

- ♦ Easy to read LCD display.
- ♦ Intuitive user interface.
- ♦ Hot key functions for repetitive tasks.
- ♦ Context sensitive help.
- ♦ Preset functions.
- ♦ Optional remote control.
- ♦ RS232 and parallel port.

### Quadra-Chek 200 Series Readouts

Advanced geometric readout, ideal for measuring and constructing 2d features.

- ♦ **All the benefits of the 100 Series plus:**
- ♦ Full 2D functionality.
- ♦ Part programming mode.
- ♦ Measuring guide.
- ♦ Auto repeat function.
- ♦ Tolerancing facility.
- ♦ Optional optical edge detection.

### Quadra-Chek 4000 Measurement Systems

A very powerful PC based programming and measurement package.

- ♦ Windows based package with drop down menus.
- ♦ Full 2D functionality.
- ♦ Automated measurement routines.
- ♦ Data management.
- ♦ Part programming mode.
- ♦ Tolerancing facility.
- ♦ Optional CNC control.
- ♦ Optional optical edge detection.

### Projector Accessories

Starrett manufacture a comprehensive range of fixtures and accessories to suit our full range of profile projectors.

Each accessory is made from the highest quality material and is machined, assembled and inspected to the same stringent quality standards as the projector itself.

### Support Cabinets

Deluxe Projector Support Cabinet with two swing out shelves, draw and lockable doors.

Standard Projector Support Cabinet with single fixed shelf.

Code	Part No	Description	VB300	VB400	VF600	HE400	HB400	HD400	HF600	HF750	HS600	HS750
